BuyYourMotorcycle EST. 2006 Our Buyer has purchased over 5000 bikes from all over the nation since our website has gone live. During this time we have operated by simply purchasing units for other dealers to resell. We have now opened a Retail Location and offer low prices on bikes and service!! We pride ourselves in our work and want to offer you the absolute Best Deal on the market. All of the bikes we sell go through our 24 point check and everyone is test ridden by our staff 15 miles to ensure when you get the bike it is ready to ride!! Our owner is available at all times if you ever have an issue that needs to be addressed His direct Cell Phone number is 817-689-2105. How many dealers will do that? That is really his cell phone number no joke! His Name is Brad and he wants you to know that he will be there when you need him!!

Testimonials

Christy I highly recommend these guys to anyone looking for a motorcycle... My husband bought a used Harley and true to their word, when it had camshaft tensioner issues only a few miles into our ownership, they picked up the bike and got it fixed.... with us out only the cost of parts. Awesome customer service. Knowledgeable and courteous, from the sales staff, to the guys who picked up/dropped off the bike, to the mechanic, I can't say enough good things. Thanks guys!! We really appreciate your work and no hassle approach to business!

All vehicles are sold As Is Where is and no warranties are expressed or implied. We do offer extended warranties, these must be purchased at the same time you purchase your vehicle. Extended warranties may not be available on every vehicle simply call us for a quote and details. We do our best to ensure you will have a pleasant purchase experience but we always suggest buying an extended service contract because a vehicle purchase is a large investment.
