We have for sale this gorgeous 2013 BMW X5 xDrive35d Turbo Diesel Luxury SUV! This X5 is a phenomenal SUV with so much to offer and a great look too. The paint and body are in excellent shape and the interior is just beautiful! There is no doubt the previous owner really loved this X5. It has everything you could imagine including a huge Panoramic Moonroof, Navigation, Backup Camera, Cold Weather, Comfort Access and of course BMW's incredible xDrive All-Wheel Drive system. The best part about this X5 is the smooth 6-cylinder turbo diesel engine with a ton of power and torque while still getting outstanding MPG! You should have no problem getting around 26+ MPG on the highway. The navigation system is very easy to use and gives you turn-by-turn directions; the rear-view camera automatically activates when you put the SUV in reverse. It shows what is behind you but also has side-view cameras as well and front/rear parking sensors which makes parallel parking on a busy street or pulling into a tight parking space much less stressful! The Cold Weather Package has heated front and rear seats which are amazing and a heated steering wheel too! Once you have heated seats and especially the heated steering wheel you will never want to drive without them. This X5 also has Comfort Access for with keyless ignition and entry. The doors automatically unlock when you go to open them. This X5 also has Xenon head lights, split-folding rear seats that let you use the entire back half of the SUV to haul items and an incredible sound system with AM/FM radio CD, Hard Drive storage, USB/Aux inputs and Bluetooth streaming audio and hands-free phone! You must come see and drive this X5 to appreciate just how nice it is. We do TAKE TRADES and OFFER FINANCING as well. If you have any questions or would like to discuss a possible trade, please call anytime.
