2013 Ford F-150 Platinum 4-Door

Your Price: \$28,950

We have for sale a 2013 Ford F-150 SuperCrew Platinum EcoBoost 4x4 truck that looks and drives fantastic! This truck is absolutely gorgeous. This F150 has a great look with the 20 inch wheels with brand new tires and the matching fiberglass topper that keeps your gear secure and out of the elements. If you like how it looks in the pictures you will fall in love with it when you come to drive it. This F150 is a blast to drive with the EcoBoost 3.5L V6 that puts out 365hp and 420 lb-ft of torque (That is more than the 5.0L V8 option!) and a 6-speed transmission w/manual shift mode. The 4x4 system is easy to use and gives you shift on-the-fly 4x4 so you can go from 2wd to 4wd when the need arises! The truck is a Platinum trim level so it has a lot of great options like navigation with turn-by-turn directions and a backup camera. The touchscreen controls the Sony sound system with AM/FM radio, Satellite radio, USB inputs and Streaming Bluetooth audio! It also has heated and cooled front seats and heated rear seats as well! If you've never had a truck with heated seats before you are in for a treat. They heat up fast and make a cold morning commute so much better! Plus, with the factory remote start you don't have to leave the house have your truck pre-heated and warm when you get in! It has the 6.5ft bed with a high quality matching fiberglass topper that is lockable so it will keep your tools, clubs or whatever you are hauling secure and out of the elements. The truck has the tow package with integrated factory brake controller as well which means you won't have any concerns towing a trailer, camper, ice shack or boat and with the brake controller even when you have a heavy load it will be safer and under better control. You have to see and drive this F150 to appreciate how nice it is and everything that it has to offer. We do TAKE TRADES and OFFER FINANCING as well. If you have any questions or want to discuss a possible trade, please call anytime.
