2011 BMW 335d Turbo Clean Diesel

Your Price: \$14,950

We are selling a gorgeous 2011 BMW 335d clean diesel luxury sports car that has so much to offer and is a blast to drive. This 335d has incredible power and gets over 35 mpg too! If you're not familiar with the 335d, it has a smooth 6-cylinder turbo diesel with 265hp and 425 ft-lbs of torque. We know that if you like how it looks in the pictures you will fall in love once you get to drive it! There is virtually nothing else on the road that looks as good as this BMW and gets the MPGs that this 335d gets. This BMW has so much to offer including the factory navigation system with turn-by-turn directions and the Cold Weather Package which includes heated seats and a heated steering wheel! If you have never had a car with heated seats or especially the heated steering, you are in for a treat. They heat up fast and make a cold morning commute so much nicer! This 335d has a fantastic sound system with AM/FM/CD, Aux and USB inputs and Streaming Bluetooth Audio as well as hands free Bluetooth calling. It has all the power options you'd expect plus dual-zone automatic climate controls, a power moonroof that can tilt and slide open and Xenon Dynamic headlights that are amazing at night. These lights give you significantly better visibility at night and they don't blind the on-coming traffic either. Once you drive a diesel 3-Series you will fall in love! This 335d also has the Sport Package with M-Sport Tuned suspension for better handling over a regular 3-Series and the phenomenal power sport seats with oversized side bolsters that feel like they wrap around you to hug you in place! This is a fantastic car that is fun to drive and gets incredible MPG too. You have to see and drive this 335d! We do TAKE TRADES and OFFER FINANCING as well. If you have any questions or want to discuss trading in your current vehicle, please call me anytime.
