Your Price:

**\$21,750**

We have for sale a gorgeous, low mileage 2013 BMW X5 xDrive35i AWD Luxury SUV! This is an amazing sport utility with so much to offer and only 66,756 miles! As you will see when you come to drive it, the paint and body are in excellent shape, and this SUV has clearly been well cared for! It has tinted windows for a clean, private look that gets a ton of compliments. There are very few SUVs on the road that offer the versatility, comfort and performance of this X5, so we know that if you like how it looks in the pictures you will love everything that it has to offer when you come and drive it! Under the hood is a smooth, powerful turbo 6-cylinder engine, 8-speed automatic and BMW's phenomenal xDrive all-wheel drive system! This SUV has great power and handles quite well! It has Park Distance Control which displays on the dash that shows how close to an object your front and rear bumper is! Also, this X5 comes with heated front seats. If you've never had heated seats before you will fall in love the first time you use them. They heat up fast and make a cold morning commute so much better. The HD HiFi Sound system lets you bring all your favorite music with you, this sound system includes AM/FM Radio, CD, USB/AUX inputs, and Streaming Bluetooth so there are plenty of ways to listen to your beloved tunes. The rear cargo area has a ton of space for your gear and the rear seats are 60-40 split folding which allows you to fold the rear seats down and use the entire back half of the SUV to haul larger items. This X5 also has Xenon headlights that are incredible at night! They provide significantly better visibility over halogen style headlights and they won't blind oncoming traffic either! You must see and drive this X5 to appreciate everything that it has to offer.
