2006 Honda Civic EX Coupe with Moonroof,

Your Price:
\$5,950

We have for sale a very nice 2006 Honda Civic EX that drives great and has a lot to offer. If you are looking for an inexpensive, reliable car that gets great gas mileage and doesn't cost an arm and a leg to maintain this Civic is the perfect choice! This Civic is rated at 40mpg on the highway and 30mpg in the city which makes it very cheap to drive even if you have a longer commute to work or school! Plus, since this Civic is an "EX" model it is the top of the line and has a lot of great options like all the power options including power windows, locks and mirrors, keyless entry and cruise control. Plus, this Civic has a power moonroof that can tilt open or slide all the way open and let plenty of fresh air in. This Civic has a nice factory sound system with 7 speakers including a subwoofer with AM/FM radio, CD player and Aux input for your phone or Mp3 player! It also has audio controls right on the steering wheel, so you can change volume or stations without taking your hands off the steering wheel. This Civic has 60/40 split-folding rear seats which gives you a ton of extra cargo space and since you can fold part or all of the rear seats down you can load larger items in the back and still have room for a passenger or two! This Civic has a lot to offer for the money and it is in excellent shape compared to most Hondas you find in this price range. We do TAKE TRADES and OFFER FINANCING as well. If you have any questions or would like to discuss a possible trade, please call us anytime.
