**Your Price:

We have for sale this stunning 2013 BMW 535xi xDrive AWD executive luxury sedan with only 65,413 miles on it! This 535xi looks phenomenal. It has a sleek style with gorgeous Titanium Silver and black leather interior and the 18" Multi Spoke wheels give this BMW an incredible stance! We know that if you like how this 535xi looks in the pictures you will love it when you come to drive it. BMW's xDrive All-Wheel Drive system is great in any weather and gives this car amazing handling ability! Under the hood is a smooth, powerful TwinPower Turbo 6-Cylinder and 8-Speed Automatic Transmission with Comfort, Sport and ECO driving modes to suit your driving preference. It has all the options you would expect to find in a car of this caliber plus much more including Blind Spot Detection that uses radar to monitor the surroundings of the car and alert you when someone is in your blind spot. It has a Heated Steering Wheel and Heated Front and Rear Seats which are amazing in this part of the country. The navigation system is very easy to use and provides turn-by-turn directions plus the Rear-View Camera with Top View shows what is behind you and what is on your left and right. It also has Side-View Cameras in the front bumper so you can easily see how close your bumper is an object (useful when you back out of a parking space and turn to drive away, you don't want to bump the car next to you!) The car also has Keyless Entry and Push-Button Start so you can lock or unlock the car without taking the key out of your pocket, a power moonroof, amazing Xenon Adaptive lights and the 18-way Power Comfort Seats! All that luxury (and much more not listed) plus xDrive All-Wheel Drive and it still gets 30 MPG on the highway! Tough to beat!
